DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Moriarty on 4/19/05.

The application has been amended as follows:

Claim 18 is canceled.

2. The following is an examiner's statement of reasons for allowance: There was no reference in the prior art search that disclosed, taught, or suggested a sprayer that included a handle connected to a platform that is movably mounted to said platform and movable from a forward position overhanging a front portion of said platform to a second position overhanging a rear portion of said platform. Schuitemaker (U.S. Patent No. 4828177) discloses a sprayer with many of the same limitations as claimed, as discussed in the Office Action mailed 1/14/05, however he does not disclose the movable handle limitation. Duran et al. (U.S. Patent No. 3500620) disclose a handle that is movable and pivots as claimed, however, one of ordinary skill in the art at the time of the invention would not have looked to the lawn mower art when contemplating modifying a sprayer such as the one disclosed by Schuitemaker.

Art Unit: 1734

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
